To Whom It May Concern,

RE: Organization Name Change

We are pleased to announce that as of May 14, 2020 the name of our organization has changed. Formerly known as Utah Risk Management Mutual Association, the Board of Directors adopted the new organizational name of **Utah Risk Management Agency (URMA)**.

URMA provides comprehensive risk management services to local governmental entities. The new organizational name provides clarity and direction and a renewed emphasis on risk and loss reduction through our risk management programs.

Moving forward please use our new name in correspondence. Also note, with the rebranding of URMA our new logo above was created with our old logo in mind. We hope that it will remind you of who we are, what we do and who we will continue to be.

We are proud to serve our members and look forward to the continued improvement and growth of URMA services.

Best Regards,

David Petersen
Executive Director
